Executive Summary

This page outlines a proposed framework under which Think Tank IGO could, in exceptional cases, provide humanitarian assistance. It explains the possible categories of support, the considerations that would guide eligibility, and the limits of what a private advisory organization can responsibly offer.

A Proposed Framework for Exceptional Assistance

Think Tank IGO intends to establish procedures for considering selected humanitarian and emergency support requests through the Founders' Global Reserve and Humanitarian Support Fund.

Assistance will depend on the fund's legal structure, available resources and approved eligibility policy.

Potential Assistance Categories

Emergency Personal Hardship

Exceptional circumstances affecting eligible individuals, subject to documented need and appropriate verification.

Serious Unexpected Events

Situations involving major disruption or urgent hardship that meet the approved program criteria.

Community Support

Selected community-oriented initiatives consistent with the organization's social impact objectives.

Knowledge-Based Humanitarian Assistance

Professional expertise and technical support for approved humanitarian or recovery initiatives.

Eligibility Considerations

Applications may be assessed according to:

- Nature and urgency of the need.
- Applicant eligibility.
- Available supporting information.
- Alternative assistance options.
- Available reserve resources.
- Legal and compliance requirements.
- Potential conflicts of interest.

- Expected use and accountability.

Application Process

Step 1 — Initial Inquiry

An applicant submits a brief description of the circumstances.

Step 2 — Preliminary Screening

The relevant team reviews basic eligibility and completeness.

Step 3 — Verification

Additional documents may be requested where necessary and proportionate.

Step 4 — Review

The proposed assistance committee evaluates the request under approved criteria.

Step 5 — Authorization

Eligible requests proceed through the required approval process.

Step 6 — Disbursement or Support

Approved assistance is delivered through an appropriate documented method.

Step 7 — Recordkeeping

The organization retains appropriate financial and administrative records.

Confidentiality and Dignity

Sensitive personal circumstances should be handled respectfully and disclosed only where necessary and lawful.

Emergency Services

Think Tank IGO is not an emergency response authority.

Individuals facing immediate danger should contact the appropriate local emergency services.

No Guarantee

Assistance is discretionary. Submission of a request does not guarantee approval, a particular payment or a response within an emergency timeframe.

Our Objective

To develop a fair, responsible and transparent process for evaluating selected humanitarian needs.

Key Takeaways

- Humanitarian assistance is a proposed framework, not an active aid program.
- Support would be exceptional and criteria-based, not an entitlement.
- Eligibility would consider genuine need, alignment with the organization's mission and available resources.
- Think Tank IGO is a private advisory organization, not a relief agency or intergovernmental body.
